Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Monday 05 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry ahead of heavy rain late Monday. Tuesday unsettled.

Today:
A mostly dry start to the day, with a mixture of cloud and sunny spells. The odd shower remains possible. A band of rain, often heavy and with chance of thunder, will come from the southwest later, heading northeast. Maximum temperature 20 deg C (68 deg F).

Tonight:
The day's rain continuing to head northeast, clearing the region overnight. Followed by showers, possibly heavy with thunder, most frequent in the east. Minimum temperature 11 deg C (52 deg F).

Tuesday:
An unsettled day, with sunny spells and scattered showers. Likelihood of showers increases through the day, especially around the north coast. Showers potentially heavy with a chance of thunder. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Wednesday and Thursday turning cooler, largely dry with sunny spells and showers, possibly heavy with a chance of thunder on Wednesday. Friday starting to turn warmer again, with variable cloud.
